RECOGNIZE - THANK - HONOR

Most of us remember exactly where we were on the morning of September 11, 2001. The sacrifices made that day by fire-fighters, police officers, EMS providers and America's military personnel were incredible. Hundreds of brave men and women lost their lives that day in service to others.

Across America, hundreds more brave men and women continue to serve our nation and communities, putting their lives on the line and sacrificing daily to ensure our safety. Sadly, these careers have a profound impact on First Responders and their families. In addition to the physical risks, First Responders face critically high divorce rates (over 80% nationally). Yet they continue to serve us all, with quiet heroism and very little recognition.

September 10, 2011 will mark the 10th anniversary of the terrorist attacks on the World Trade Center and the Pentagon. We will be honoring First Responders and Military Personnel at this special evening event to thank them for their service. You can help make this event be memorable and meaningful.

Your support, by sponsoring a table, will allow four First Responder couples to attend while allowing you and your guest to join with them in a night of honor, tribute, music and special programming to recognize and thank those on whom we call in times of crisis.

Proceeds from this event support Responder Life, Citizens Crime Commission, Public Safety Chaplaincy and the Historical Outreach Foundation in support of the Oregon Military Museum telling the story of the Oregon National Guard, to help police, fire and military personnel and their families.

This event is made possible through the generous sponsorship of the community, the efforts of all of the participating organizations and our event partners, the Oregon Trail Chapter of the American Red Cross and Boys Scouts of America Cascade Pacific Council.
